Re: Termination of invitation to occupy 7816 Alamo Road NW Albuquerque, New Mexico

Dear Ms. Darnell and Mr. Churchill:

The following provisions in the Caregivers Services Agreement related to your current occupation of the guesthouse at the above address now apply per the terms of the Agreement you signed:

- The Caregivers agree to fully vacate the guesthouse and farm property within thirty days of the effective date of the termination notice.
- The caregivers acknowledge that upon termination of this Agreement for any reason, they will then occupy Blair's guesthouse and farm property as invitees, not as lessees; and will have no right to continue occupying Blair's property except as invitees (by the invitation of the Conservator on Blair's behalf).

Due to the termination of the Caregivers Services Agreement, due to your pattern of interference with the actions of the Guardian and the Conservator, and due to the adverse effect of your actions on the well-being of Blair Darnell, you are notified that your invitation to occupy the above property is terminated effective immediately, and you are to remove yourselves and your family members, your animals, and all your personal property from 7816 Alamo Road NW no later than May 6, 2011.

Failure to completely vacate and to surrender the keys to the property at my office by that date will result in the filing of a suit for eviction in the Metropolitan Court. The resulting eviction order will be enforced by means of your forcible removal from the property by the Bernalillo County Sheriff's Department.

During your remaining time on the property, if you interfere in any manner with Blair Darnell's care, or violate the visitation rules imposed by the Guardian, I will seek your immediate removal from the property, rather than allowing you to remain for the period stated above.

Sincerely,

**ALBUQUERQUE ADVOCATES, PC**
